Explanation of changes and other important information

We will automatically calculate your goods and services tax/harmonized sales tax credit and any related provincial credit based on your family net income, province of residence, marital status, and qualified children. To calculate family net income, we use both your net income and your spouse's or common-law partner's net income. If you did not report your spouse's or common-law partner's net income, we may be unable to determine if you qualify for any credit for **July 2017 to June 2018**.

Based on this assessment, you have unused federal and New Brunswick tuition and education amounts of **\$16,915** and **\$12,998**. You can carry forward these amounts to later years. To make sure we calculate your unused amounts correctly, you need to file a return each year, even if you have no income to report.
