## Explanation of changes and other important information

We will automatically calculate your goods and services tax/harmonized sales tax credit and any related provincial credit based on your family net income, province of residence, marital status, and qualified children. To calculate family net income, we use both your net income and your spouse's or common-law partner's net income. If you did not report your spouse's or common-law partner's net income, we may be unable to determine if you qualify for any credit for **July 2018 to June 2019**.

We recalculated your New Brunswick non-refundable tax credits and changed your total to **\$2,489**.

We changed your federal tuition and education amounts from **\$2,645 to \$19,560**. We also changed your New Brunswick amounts from **\$0 to \$12,998**. We included unused federal tuition and education amounts of **\$16,915** from prior years and unused provincial or territorial amounts of **\$12,998** from prior years.
