Will you be covered for pre-existing conditions?

None of these pre-existing medical conditions are eligible for coverage under this plan. We will not pay any expenses relating to any pre-existing condition.

Will I be covered for illness as soon as my policy is effective?

If you purchase your policy after you have arrived in Canada, or after the expiry date of an existing policy issued by Travel Shield, there is no coverage for any sickness that began or for which you experienced symptoms, even if related expenses are incurred after the waiting period. The waiting period is:

- The 2 day period following and including your effective date if you are age 85 or younger; or
- The 15 day period following and including your effective date if you are age 86 or older.

Note: The above restriction will be waived if this policy is purchased on or prior to the expiry date of an existing Travel Shield policy, and takes effect on the day following such expiry date. The existing policy must be in effect on the date of purchase and there must be no gap in coverage.

I declare that I understand and meet the eligibility requirements for this policy. Further, I am aware that it is my responsibility to review my policy upon receipt in order to understand the coverage and exclusions, including the health conditions and pre-existing conditions exclusion and how they relate to me and my departure date. I understand that, if my health changes prior to my effective date, I must contact Travel Shield to determine how this will affect my coverage.

If I am purchasing this policy on behalf of another person, I confirm that I understand that coverage may be denied if the information provided about the insured is inaccurate.
